

JOB OPPORTUNITY

About Us

BV Dairy is a manufacturer of speciality chilled dairy products based in South-West England. High-quality raw materials are used to produce products such as soft cheese, cultured and fresh creams, yogurts and milk-based drinks which are supplied to food manufacturers and food service operators throughout the UK.

The Dairy was established in 1958 and is managed by the 3rd generation of the founding family. High priority is given to increasing efficiency throughout the site and investment is ongoing, not only in equipment, IT and facilities, but also in Staff where the focus is on developing skills for everyone with both internal and external training.

Green credentials are also important to BV Dairy who are always looking for ways to minimise their effect on the local environment. Whilst they have an interesting history they also have a sensitive eye on the future.

BV Dairy – where modern technology is driven by traditional values.

This Role

We are looking to recruit a **Machine Operative** to work in our Culture Department.

Purpose of the Job

To produce a high volume of good quality products, on time and in full. Adhering to all technical requirement, SOPs and Health and Safety policies. Working in a small team on the Adpack machine.
